Lots of training and all indoors, in the day, evenings & weekends so there should be something for everyone there. Get the full details of all these from the website.

Of special interest in February is The Tack Sale on Saturday 18th at Victoria Hall, Sutton Scotney. Several tables have already been reserved but I know there are some spaces. Time to tidy up the tack room & sell on or buy.

On February 25th we are running an OPEN combined training competition at Sparsholt. There are various options available here so look at the website where the schedule can be viewed or downloaded & get your entries in asap.

Many thanks to the hard-working committee members for arranging all these events & looking forward to seeing club members out and about
